## Globally minded students – lifelong learners

For many years Heidelberger Privatschulzentrum (HPC) has lead the market in providing a range of programmes to cater for the needs of all students. We believe no two students are ever alike and our family of schools has been established to allow them to grow and flourish, to meet the challenges of whichever future path they decide to travel.

Having implemented the International Baccalaureate Diploma Programme (IB DP) and being a candidate school for the Primary Years Programme (PYP), we felt it was time to take the final step and start to implement the Middle Years Programme (MYP).

Underpinning this programme is a desire to develop globally minded students, with both the depth and breadth of knowledge and skills needed for a rapidly changing world, empowering them to be lifelong learners. The IB programme gives students the best possible preparation for studying both at German and at international universities.

## Prep Class for the IB Diploma Programme

The class starting in September will be suitable for students aged 14 to 16 and provides the foundations (particularly English and German language proficiency) for entering the IB DP Programme from grade 11.

All classes will be taught in English language and students non-native in English are supported in their English language proficiency. Non-native German speakers will take first steps into this new language or further develop German language skills.

## The prep class will provide:

- Full day schooling in English according to the curriculum of the German Gymnasium, Baden-Württemberg.
- Small class sizes with individualized learning.
- Language proficiency support for English and German.
- Extracurricular activities including Model United Nations, sports clubs, creative and theater clubs and cultural exchanges.
- Accommodation at the boarding house is available.

## Fees for the prep class

€ 160 per month for tuition, and an additional supplement of € 690 per month for add-ons, including lunch, afternoon activities, additional language support, and travel costs to an international students' conference to a destination within Europe.

There are a limited number of scholarships available for the programme.

## About our school

The F+U International Baccalaureate® Diploma Programme is one branch of the F+U group of companies, one of the largest private education providers in Germany.

The group also includes the University of Applied Sciences for Business, Technology and Culture (Hochschule für Wirtschaft, Technik und Kultur - HWTK, iba (Internationale Berufsakademie, University of Cooperative Education) as well as the Heidelberger Privatschulzentrum, which offers education from bilingual primary years to the Abitur, allowing access to university, in addition to a highly successful Academy of Languages.

The mission of Heidelberger Privatschulzentrum can be described in 3 words:

**PROFESSIONALISM**

**DIVERSITY**

**INTERNATIONALISM**

Highly qualified and experienced, teachers help students to grow. Excellent educational standards allow for the best possible preparation for future employment and citizenship in local and global communities.

Our student body is diverse in its national and cultural backgrounds. Many languages are spoken. Our students differ in so many ways but they are united in their shared goals. Welcoming everyone with his/her strengths is what makes our school special.
